Naperville, IL – DuPage Children's Museum helps kids learn how to succeed. Throughout any given day, hundreds of visitors come through the Big Red Door of the Museum to engage in three floors of fun, full of hands-on activities. It is a playful environment where children 6 months to 10 years old and the important adults in their lives learn and play together in thoughtfully planned “neighborhoods”, with exhibits and programs designed to promote skill development in math, science and the arts.

Frequently, these visitors are assisted by volunteers or professional play facilitators. DuPage Children's Museum offers those who are interested in helping make a difference in the lives of children the opportunity to become a volunteer! If you have made a New Year's resolution to

volunteer in 2008, meet new friends and become a key part of the broad spectrum of programs and activities that will make a helpful difference throughout 2008, a variety of skills and talents are always needed at the Museum. Adult and High School volunteers are welcome.

The Museum's exhibits and programs are designed to prepare visitors for a future where curiosity, creative thinking, imaginative problem solving and learning skills will be needed to interact with technology that is yet to be invented, to solve problems we can't imagine and work in new kinds of jobs that don't exist today. Details about becoming a volunteer at the Museum can be found at: http://www.dupagechildrensmuseum.org/join_volunteer.html
